

Students at Challand Middle School will use their Google Apps account and other web based applications to complete and participate in the following activities:

Responding to and commenting on curriculum topics

Creating written projects and commenting on each others' work

Encouraging process writing

Practicing persuasive writing

Writing creatively

Sharing classroom events with families

Discussing current events

Making classroom suggestions

Creating dynamic and vibrant research

Working with multimedia in a collaborative environment

Responding to topics on discussion boards

Communicate with teachers

Submit homework assignments

Note: Activities may be added as the year progresses.
