FRESHMAN ACADEMY
2016-2017

The purpose of the SHS Freshman Academy is to group freshmen in nearby classrooms, with a team of teachers providing intensive academic instruction and support, in order to increase student success and thereby reduce failure and dropout rates. The failure or success of a student's ninth grade year usually determines if he or she will graduate from high school.

Freshman Fast Facts

- Nationally, more ninth grade students fail the ninth grade than any other grade.
- Poor and minority students are twice as likely as others to be retained.
- Students who repeat at least one year are three times more likely to drop out of school than students who have not failed a grade.
- Among 14 - 15 year-olds who struggle with basic reading and math skills, 20% drop out of school within two years. National studies have shown that if kids are successful in their freshman year, they're much more likely to finish high school.

MISSION STATEMENT

The Sterling High School Freshman Academy provides a caring educational environment that inspires students to become college and career ready.

DISCIPLINE

All Freshman Academy discipline matters will be handled the same as stated in the Discipline section of this handbook.

STUDENT RIGHTS AND RESPONSIBILITIES

All students are entitled to enjoy the rights protected by the Federal and State Constitutions and laws for persons of their age and maturity in a school setting. Students should exercise these rights reasonably and avoid violating the rights of others. Students who violate the rights of others or violate District policies or rules will be subject to disciplinary measures.

This section is developed in capsule form to explain general rules, policies, and procedures at Sterling High School.

STATE SCHOOL REPORT CARDS

State School Report Card information can be found on the District website at

www.sterlingpublicschools.org. Paper copies are also available in the Sterling High School office in both English and Spanish.

CRISIS PLAN

Each school within Sterling Public Schools has a crisis response plan. This plan has been developed in the case of a dangerous circumstance or emergency situation. The staff reviews this plan frequently, ensuring understanding and offering revisions if necessary. Please contact your building principal, if you have any questions.

AUTOMOBILE AND PARKING PRIVILEGES

Students who choose to drive themselves to school should realize that driving is a privilege. The school administration reserves the right to restrict parking privileges at any time for any reason. **Vehicles parked on school grounds may be searched by school officials upon reasonable suspicion.** Students driving to school must register their automobile(s) in the school office. **Students will receive a parking sticker that must be displayed in their rear driver side window.** Students who do not register their cars will be denied parking privileges on campus. Students who park improperly or park in staff marked parking stalls are subject to a fine and/or disciplinary action. **Students and their families should be aware that the district is not responsible for accidents occurring on school property.**

Students parking on school grounds must follow these regulations:

1. Display a Sterling High School Parking Sticker in the rear window on the driver's side.
2. Park only in designated areas.
3. Do not loiter in the parking lot or in cars at any time.
4. All bicycles are to be parked in racks provided on Fourth Avenue. It is suggested that bicycle students use a lock to secure their bikes.
5. \$20 school tickets will be issued for improper parking and parking in staff marked parking stalls.

Sterling Schools – Student Transportation Policies Bus Transportation Guidelines

The school district provides bus transportation according to the State of Illinois guidelines for those (1) residing at a distance of at least one and one-half miles or more from their assigned schools, or (2) residing within one and one-half miles from their assigned schools where walking to school or to a pick-up point or bus stop would constitute a serious hazard due to vehicular traffic or rail road crossing. Most students will be bused on either K-5 bus routes or 6-12 routes. Some students in the less populated rural areas will be bused on K-12 routes. Specific information on pickup times and bus locations will be mailed to families prior to the beginning of school. This information will also be posted on the school website at www.sterlingpublicschools.org. During school registration, parents will be able to sign up their students for bus transportation dependent upon the student's home address. If a student does not sign up for bus transportation at registration, the student will not be assigned to a bus route. All middle school and high school students will need to show their school ID to board the bus. After the first week of school, those middle school and high school students not carrying the proper school ID will not be allowed to board the bus.

Special Transportation Arrangements

Special arrangements for student bus transportation are allowable according to the following school guidelines. All special bus transportation requests from parents must be submitted in writing by completing the **Application for Change in Transportation** form that is available at registration or at the principal's office. The principal and the director of transportation will have final approval or denial of such requests. Without the receipt of an approved **Change in Transportation** form, the student will be dropped off at the originally assigned stop. Please note that even after completion of the form, busing will not be provided to different locations for different days of the week. Completion of the form only allows for students to be dropped off in one location at the end of the school day that is different from the pickup location. With the amount of students riding the bus, multiple options for pickup and drop off points dependent upon the particular day of the week would be impossible to manage for the drivers and could jeopardize the safety of the students. We realize that emergencies do arise and the school principal may allow for exceptions when appropriate.

Parents will be required to sign a contract to be returned to the school stating that they have reviewed these guidelines with their students prior to the riding the bus. Parents and students are reminded that all school buses have video cameras taping both video and audio.

The National Highway Transportation Safety Administration (NHTSA) keeps records for the entire nation on bus accidents. According to NHTSA findings, the number one cause of bus accidents in the nation is driver distraction from students. The inclusion of bus behavior guidelines in the school district is not to make the job of the bus driver easier, but to ensure the safety of the students. For this reason, violation of the school bus behavior guidelines is taken seriously and will result in disciplinary action.

BUS TRANSPORTATION

School bus transportation is a service provided for eligible students in accord with the school code of Illinois and policies developed by the Board of Education of this school district.

School bus riders, while in transit, are under the jurisdiction of the school bus driver unless the school designates some adult to supervise the riders. It is recommended that all riders, parents or guardians of riders, and school personnel become thoroughly familiar with the following regulations governing school bus riders. The school code of Illinois states that the school board shall have the power to suspend, or by regulations, to authorize the superintendent of the district or the principal of any school to suspend pupils guilty of gross disobedience or misconduct on the school bus from riding the school bus. In the event that this may become necessary a hearing review will be held upon request. **To ensure the safety of your children, all school busses will have cameras on them. The actual taping will be audio and video.**

1. Be on time to the designated school bus stop -- help keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward

- the bus until the bus has been brought to a complete stop.
4. Do not leave your seat while the bus is in motion.
 5. Be alert to a danger signal from the driver.
 6. Remain in the bus in the event of a road emergency until the driver gives instructions.
 7. Keep hands and head inside the bus at all times after entering and until leaving the bus. Do not throw anything out of the bus window.
 8. Remember that unnecessary confusion diverts the driver's attention and could result in a serious accident.
 9. Be absolutely quiet when approaching a railroad crossing.
 10. Treat bus equipment as you would valuable furniture in your own home. Never tamper with the bus or any of its equipment.
 11. Assist in keeping the bus safe and sanitary at all times.
 12. Carry no animals on the bus without permission of the school bus driver and the principal.
 13. Keep books, packages, coats, and all other objects out of the aisles.
 14. Leave no books, lunches, or other articles on the bus.
 15. Be courteous to fellow pupils and the bus driver.
 16. Help look after the safety and comfort of small children.
 17. Do not ask the driver to stop at places other than the regular bus stop; he/she is not permitted to do this except by written authorization from your school principal.
 18. Observe safety precautions at discharge point. Where it is necessary to cross the highway, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway, where traffic may be observed in both directions. Then wait for a signal from the bus driver permitting you to cross.
 19. Observe the same rules and regulations on other trips under school sponsorship as you observe between home and school. Respect the wishes of the chaperones appointed by the school.
 20. Smoking, as well as lighting of matches or lighters, will not be permitted on the bus.
 21. Possession of alcohol and/or illegal drugs is strictly against the law and is forbidden.
 22. Will not participate in any other prohibited student conduct as defined in the Board policy, 7:190, Student Discipline.

Progressive Bus Discipline Policy

Riding on the bus is an extension of the school day. The driver has the authority to assign seats. The sexual, racial, and religious harassment policies and weapons, tobacco and drug policies of Sterling Public Schools will be strictly enforced on the bus as well as at school. Parents and students are reminded that riding the bus is a privilege, not an entitlement. All students riding the bus are required to abide by the guidelines listed in the previous section. Failure to abide by the rules may result in disciplinary action and even suspension of bus privileges.

Acts of misconduct by students riding the school bus have been categorized into two different classes for determination of appropriate disciplinary action. The classes are as follows:

Class I Offenses

Disobeying the driver
Leaving seat while the bus is in motion
Running on the bus
Harassing other students on the bus
Yelling or screaming on the bus
Opening windows without permission from the driver
Eating or drinking on the bus (Water is ok)
Chewing gum on the bus
Littering on the bus
Using obscene language/profanity on the bus

Class II Offenses

Damaging the bus (Including graffiti)
Fighting on the bus
Throwing objects at, on, or from the bus
Extending arms, legs, or head out of the bus windows
Unauthorized exiting or entering the bus through the emergency door
Smoking or lighting matches on the bus

As previously mentioned, riding the bus is a privilege and committing acts of misconduct as noted above will incur disciplinary action. The severity of the discipline will depend on the frequency of misconduct and the class of the offence. The following guidelines will be used by the school principal in determining the appropriate disciplinary action to be taken.

Class I Offenses Progressive Discipline Table

1st Offence - Verbal Warning from the driver
2nd Offence- Written violation to principal, Letter sent to parents
3rd Offence- One hour detention
4th Offence- School consequence and/or three day suspension of bus privileges-**Safety video**
5th Offence- School consequence and/or ten day suspension of bus privileges
6th Offence- School consequence and/or suspension of bus privileges for the remainder of the school year

Class II Offenses Progressive Discipline Table

1st Offence – School consequences and/or three-day suspension of bus privileges- **Safety video**
2nd Offence- School consequence and/or ten day suspension of bus privileges
3rd Offence- School consequence and/or suspension of bus privileges for the remainder of the school year

Students suspended from the bus for the first time, will be required to view a short safety video in the principal's office with one of the student's parents before resuming bus privileges.

For offenses deemed by the principal as dangerous (e.g. an action that could endanger the safe operation of the bus or the safety of the bus driver or other passengers), immediate action shall be taken, including an automatic, indefinite removal of bus riding privileges, without following the usual progressive discipline policies. In such instances, the principal will contact the parents immediately.

In all instances, the principal may designate a staff member responsible for such duties.

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. The content of electronic recordings are student records and are subject to District policy and procedure concerning school student records. Only those people with a legitimate educational or administrative purpose may view and/or listen to the electronic video and/or audio recordings.

HEALTH SERVICES

The school nurse is on duty from generally 7:30 a.m. to 3:30 p.m. with one hour for lunch to be chosen by the nurse. Her office is located in room 219. All students who are ill or injured on the school premises should report, or be reported to the nurse immediately. In case of an emergency or illness and the nurse is not in her office, report to the Attendance Office, room 113. In case of an accident, the nurse/designee may give first aid. All students requesting permission to leave school because of illness should do so in through the nurse's office. An adult family member or emergency contact person must be contacted before signing out in the Attendance Office. Arrangements for MDX (medical excuse from PE) should be made with the nurse during PE class time or before school if time permits.

ADMINISTERING MEDICINES TO STUDENTS

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and wellbeing. When a student's licensed health care provider and parent(s)/guardian(s) believe that it is necessary for the student to take medication during school hours or school related activities, both must provide written authorization for the school to dispense the medication to their child/ward and otherwise follow the District's procedures on dispensing medication. This written authorization is effective for the school year for which it is provided and shall be renewed each school year.

No School District employee shall administer to any student, or supervise a student's self-administration of any prescription or non-prescription medication until a completed and signed "School Medication Authorization Form" is submitted by the student's parent(s)/guardian(s) No student shall possess, or consume, any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures. A student may possess an epinephrine auto injector or medication prescribed for asthma, or diabetic medications, for immediate use at the student's discretion, provided the student's parent(s)/guardian(s)

have completed and signed a "School Medication Authorization Form". The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or the medication's storage by school personnel. Parent(s)/guardian(s) must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of medication or the storage of the medication by school personnel.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication. The student's parent/guardian may come to the school and administer any needed medication.

ASTHMA

The State Board of Education, in consultation with statewide organizations with expertise in asthma, developed a model asthma episode emergency response protocol. All public school districts in Illinois must adopt an asthma episode emergency response protocol that includes the components of the State Board's model. Sterling Public School's Asthma Action Plan (AAP) is available in your child's school nurse office. If your child's doctor has diagnosed him or her with asthma, the school district must annually request an (AAP). The (AAP) must be completed by the child's healthcare provider. For more information please contact your school nurse.

WORK PERMITS

A student must have a work permit for any regular after-school job if he or she is between the ages of 14 and 16. The application for a work permit, available in the main office, needs to be completed and signed by the prospective employer and returned to the main office by the student. Upon receipt of the completed application, the work permit will be issued and a copy sent to the state registry.

LOCKERS

Student hall lockers will be assigned to students at registration.

1. The ownership of the locker is maintained by the school district and the student is granted a limited use of the locker solely in accordance with these regulations. It is the responsibility of the students to report lockers that are not working properly to the main office.
2. The only items that may be placed in the lockers are articles of clothing, school books or supplies relating to school use, lunches, and personal items that the student is legally entitled to have in his possession.
3. Lockers may be searched by the school administration at any time.
4. Student locks must be authorized by the school. Unauthorized locks will be removed at the student's expense. Any padlock not returned, lost, or damaged will result in a \$5.00 replacement fee.
5. Students must use only their assigned lockers. Students **shall not** share their locker or

their locker combination with other students.

6. Students should not write on the inside or the outside of their locker. Any such incidents will be considered vandalism.

7. **The school is not responsible for lost or stolen property.**

LOST AND FOUND

Lost something lately? Perhaps it is located by the elevator in the hallway of door 10. A student may reclaim an article in the Main Office by properly identifying it. "Found" articles, except library books, should be taken to the Main Office.

LUNCH HOUR AND CAFETERIA

Wholesome, economical, hot meals can be purchased in the cafeteria. Those who prefer to bring lunches will be able to supplement them with items purchased at the snack bar. Each student is responsible for disposing of his or her own trash and tray. Trash in the immediate area of each student is considered to be his/her responsibility.

Since many classes are in session during the lunch hour, students are to stay out of the corridors and remain in the designated areas until five minutes before their class is scheduled to resume. Failure to follow rules and guidelines and/or misbehavior in the cafeteria may result in assigned seats, detentions, and/or suspension.

PUBLIC RELATIONS, RADIO, TELEVISION, NEWSPAPERS, WEB SITES

Pictures of Unnamed Students: Students may occasionally appear in photographs and videotapes taken by school staff members, other students, or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the students, in various publications, including the school yearbook, school newspaper, and school web site. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or school-related activity.

Pictures of Named Students: Many times, however, the school will want to identify a student in a school picture. School officials want to acknowledge those students who participate in a school activity or deserve special recognition.

Parents must notify the school principal if they do not want their child's name or picture released to the media for public recognition of student achievements, class projects, or promotional purposes.

PUBLICATIONS AND WEB SITES

School-Sponsored Publications and Web Sites

School-sponsored publications, productions, and web sites are part of the curriculum and are not a public forum for general student use. School authorities may edit or delete material that is inconsistent with the District's educational mission.

All school-sponsored communications shall comply with the ethics and rules of responsible journalism. Text that is libelous, obscene, invades the privacy of others, conflicts with the basic educational mission of the school, is socially inappropriate, is inappropriate due to the maturity of the students, or is materially disruptive to the educational process will not be tolerated.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

Non-School Sponsored Publications Accessed or Distributed on Campus

For the purposes of this section and the following section, a publication includes, without limitation: (1) written or electronic print material, and (2) audio-visual material, on any medium including electromagnetic medial (e.g. images, MP3 files, flash memory, etc.), or combinations of these whether offline (e.g. a printed book, CD-ROM, etc.) or online (e.g. any website, social networking site, database for information retrieval, etc.)

Creating, distributing, and/or accessing non-school sponsored publications shall occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the publication is endorsed by the school district.

Students are prohibited from creating, accessing, and/or distributing at school any publication:(1) that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities; (2) that violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright; (3) that is socially inappropriate due to maturity level of the students, including but not limited to material that is obscene, pornographic, perversely lewd and vulgar, contains indecent and vulgar language, or sexting; (4) that is reasonably viewed as promoting illegal drug use; or (5) is primarily prepared by non-students, unless it is being used for school purposes. Nothing herein shall be interpreted to prevent the inclusion of material from outside sources or the citation to such sources as long as the material to be distributed or accessed is primarily prepared by others.

Accessing or distributing on campus includes accessing or distributing on school property or at school-related activities. Any student who engages in gross disobedience and misconduct and may be disciplined for (1) accessing or distribution forbidden material, or (2) for writing, creating, or publishing such material intending for it to be accessed or distributed at school.

Non-School Sponsored Publications Accessed or Distributed Off Campus

A student may be disciplined for creating and/or distributing a publication that causes

substantial disruption to school operations or interferes with the rights of other students or staff members.

This is considered to be gross disobedience and misconduct.

STUDENT RECORDS

The District will maintain two sets of school records for each student: a permanent record and a temporary record.

The permanent record includes:

1. Basic identifying information
2. Academic transcripts
3. Attendance records
4. Accident and health reports
5. Information pertaining to the release of this record
6. Honors and awards
7. School-sponsored activities and athletics
8. Score received from all state assessment tests administered at the high school (PSAE and ACT etc.)

The temporary record may include:

1. Family background
2. Intelligence and aptitude scores
3. Psychological reports
4. Achievement test results
5. Participation in extracurricular activities
6. Honors and awards
7. Teacher anecdotal records
8. Disciplinary information, including information regarding any punishment for student misconduct involving drugs, weapons, or bodily harm to another
9. Special education files
10. Verified reports or information from non-education persons
11. Verified information of clear relevance to the student's education
12. Information pertaining to the release of this record

School student records are confidential and information from them shall not be released other than as provided by law. The Family Educational Rights and Privacy Act (FERPA), the Children's Privacy Protection and Parental Act, P.A. 93-0462, and the Illinois School Student Records Act afford parents/guardians and student over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

Students less than 18 years of age have the right to inspect and copy their permanent record. Parents/guardians or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent(s)/guardian(s) or eligible student of the time and place where the records may be inspected. The rights contained in this section are denied to any person against whom an order of

protection has been entered concerning a student (105 ILCS 5/10-22.3c, 105 ILCS 10/5a, and 750 ILCS 60/214(b)(15)).

2. Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal or records custodian, clearly identify the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible student of the decision and advise him or her of his or her right to a hearing regarding the request for an amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure is permitted without consent to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an) attorney, auditor, medical consultant, or therapist); or a parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll as well as to any person as specifically required by State or federal law. Before information is released to individuals described in this paragraph, the parent(s)/guardian(s) will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

The right to challenge school student records does not apply to:

(1) academic grades of their child, and (2) references to expulsions or out-of-school suspensions, if the challenge is made at the time the student's school student records are forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other person and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted. **Permanent records are to be kept for 60 years and temporary records for 5 years after graduation or transfer.** Before a student's record is actually destroyed, the parent

or eligible student must be notified and be given reasonable time to inspect the record. For mass record destruction, notification by publication is sufficient to meet the notification requirement.

5. The right to prohibit the release of directory information concerning the parent/guardian's child. Throughout the school year, the District may release directory information regarding students, limited to:

1. Name
2. Address
3. Gender
4. Grade level
5. Birth date and place
6. Parents'/guardians' names and addresses
7. Academic awards, degrees, and honors
8. Information in relation to school-sponsored activities, organization, and athletics
9. Major field of study
10. Period of attendance in school.

Note: Any parent(s)/guardian(s) or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. NON-CUSTODIAL PARENTS' RIGHT TO INFORMATION

All pertinent information regarding the progress of a child will be shared with non-custodial parents, as it would with custodial parents. Federal law (Family Educational Rights and Privacy Act) and state law (Illinois School Student Records Act) mandate that non-custodial parents receive the same consideration as custodial parents and should receive such information as:

- Report cards
- Statewide test results
- Invitations to parent-teacher conferences

- Access to child's records
- Other information shared with the custodial parent

The non-custodial parent should notify the school that they want this information mailed to them and provide us with their current address.

The only way in which a non-custodial parent may be denied access to this information is if there is a court order specifically prohibiting the non-custodial parent's contact with the school. The request from a custodial parent in itself is not enough to deny access to a non-custodial parent.

INFORMATION REGARDING SEX OFFENDERS IS AVAILABLE TO THE PUBLIC PURSUANT TO THE SEX OFFENDER COMMUNITY NOTIFICATION LAW (730 ILCS 152/120)

USE OF THE LAND LINE TELEPHONE

The use of the office phone is limited to school business. Students may use classroom phones with teacher permission for emergency use only. Students **should not** be allowed to leave class to use the telephone. Students should inform parents not to call them to the phone or to ask that messages be delivered except for important reasons.

PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

Section 27-3 of the Illinois School Code states that the Pledge of Allegiance shall be recited each school day by pupils in elementary and secondary educational institutions supported or maintained in whole or in part by public funds. The Pledge of Allegiance is said over the intercom in the main office at 8:00 a.m. every school day with students and staff participating in their respective classrooms.

In accordance to The Silent Reflection and Student Prayer Act, 105 ILCS 20/0.01 et seq., Illinois public school classroom teachers are required to observe a "brief period of silence" with students at the beginning of every school day "for silent prayer or for silent reflection on the anticipated activities of the day."

AFTER SCHOOL

The library will be open until 4:00 p.m. for those students who wish to utilize it. If it is necessary for students to wait for their parents or for buses, they may do so in the commons, auditorium lobby or library provided they observe good school conduct. Students may remain after 3:30 p.m. to participate in extracurricular activities or if under direct supervision of a teacher or staff member.

Many student activities are held at the high school in the evening. Students should use the entrance closest to the activities for admission.

CLOSED CAMPUS

Sterling High School has a closed campus policy for all students. Juniors have the opportunity of scheduling an open hour provided they have earned the privilege by meeting the following criteria: 95% attendance or higher; all A's, B's, and C's; no

disciplinary referrals; no referrals for tardies or truancy; and Seniors, who are on track for graduation, may qualify for open hour(s), 1st and/or 7th. To schedule and receive an open hour, the student must have a permission slip on file in the Sterling High School counselor's office. If at any time during the semester the student fails to continue to meet the aforementioned criteria, he or she will have his or her open hour revoked and will be placed into a study hall. Any student who enrolls in an Early Bird (EB) class may select an unscheduled 7th period that semester. Decisions on granting unscheduled hours will be made by Administration on an individual basis. No student is guaranteed an open hour. Students may not request a schedule change for the purpose of an open hour.

Students with open hours must be in the library working or off campus.

Students who are on track to graduate and who are earning all grades of 'A', 'B', 'C' and/or 'D' will have earned the right not to be scheduled into the class and will therefore be dismissed at 2:20. EARLY GRADUATION PROCEDURES

In order to graduate upon completion of seven semesters of school attendance and when graduation requirements have been met, a student must first complete an "Application to Graduate Early" form with their school counselor.

The school counselor will notify the building principal of the student's request and eligibility to graduate early.

A student completing graduation requirements mid-year will be eligible to participate in the graduation ceremony in May. A student completing the graduation requirements during summer school is not eligible to participate in a ceremony unless he/she is covered by Illinois HB7344.

The Superintendent or designee shall implement procedures for students to graduate early.

GRADUATION CEREMONY

All students participating in the ceremony will be required to wear unaltered caps and

gowns.

PHYSICAL EDUCATION EXEMPTION PROCEDURES

A student in grades 9-12 may satisfy one or more high school courses (including physical education) or graduation requirements by successfully completing related vocational or technical education courses if:

1. The building Principal approves the substitution and the vocational or technical education course is completely described in curriculum material along with its relationship to the required course; and
2. The student's parent(s)/guardian(s) request and approve the substitution in writing on forms approved by the District.

A student in grades 9-12, unless otherwise stated, may request the Building Principal to be excused from physical education courses for the following reasons:

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officer's Training Corp (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic athletic program (student must be in the 10th - 12th grade);
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 10th - 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the pupil being unable to graduate (student must be in the 10th - 12th grade).

Note: A student must maintain enrollment in at least five credit earning classes to receive PE credit for the athletic exemption.

EXEMPTION FROM PHYSICAL ACTIVITY

A child may be exempted from some or all-physical activities when the appropriate excuses are submitted to the school nurse by parent(s)/guardian(s) or by a person licensed under the Medical Practice Act. Parents should send a note explaining the nature of the illness or minor injury and requesting that the student be excused from PE. If the problem is of a more serious nature requiring that the student be excused for a week or more, a note from the physician is needed. If a student is unable to participate in physical education class, he/she should not be allowed to participate in sporting events or extra-curricular activities that day.

Alternative activities and/or units of instruction will be provided for pupils whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.

PHYSICAL EDUCATION UNIFORM REQUIREMENTS

All classes will meet in the gym and will sit in teacher assigned areas. Each day, classes will participate in teacher directed calisthenics and cardiovascular conditioning for overall fitness development prior to breaking out to individual class activities. Students will participate in weight lifting, cardiovascular days, activity days and classroom days. Students are required to provide for themselves a pocket folder for use during the semesters they have Physical Education. Students who fail to participate in these activities are subject to loss of points affecting their daily grade and overall grade.

During this time, the instructor will complete attendance and dress check.

Dress Policy

All students are required to wear Sterling PE uniform shirt and shorts. The student's name needs to be written on the appropriate spot on the uniform and no other writing should be on the uniform. Sleeves are not to be torn off or altered.

Tennis shoes with rubber soles must be worn in gym class. (No sandals, flip-flops, moccasins, slippers, rubber-soled boots, silhouette style shoes) Only a tennis shoe with proper foot support will be counted as acceptable footwear for PE class.

Sweats are allowed for outside activity and must be worn over the PE uniform. Students wearing sweat clothes need to verify with their instructor that they have their PE uniform on underneath sweat clothes. **Jeans or street clothes are not allowed under or over the PE uniform.**

Renting Uniforms: Students who forget to bring their uniform are allowed to rent a school uniform. The cost of renting is 50 cents per time. They must check the uniform out and return it at the end of the hour. Failure to return the uniform results in loss of renting privileges and the student will be charged for the lost uniform.

Failure to Dress: Failure to dress affects the points earned for the day. Multiple days of failure to dress puts the student at risk of failure for the class because it affects their ability to participate and earn their daily points. Loss of points due to a no dress must be made up within two days of the non-dress.

Tardies: Students are given 5 minutes after the class bell to get into their uniform and be seated on the gym floor in their assigned spot. If a student is not seated in his/her, spot he/she will be marked tardy. Physical Education follows the school's tardy policy

Fitness Testing: In order to receive credit for fitness testing, which is calculated into your semester grade, you must attempt/complete all tests. The only exception to this is if

you have a health care provider's medical excuse. Fitness grades will be based upon individual improvement of scores throughout the semester and national fitness standards.

Medicals: The instructor will assign students who are unable to participate in PE due to a physician documented medical condition in order to earn their credit. The medical excuse must be the result of the health care provider's order and paperwork must be completed with the school nurse. Students may be assigned to study hall if the medical is for an extended length of time. Medicals must be updated on a yearly basis if it is an ongoing condition.

Grading: Physical Education is a participation-based class. Excessive absences will directly affect a student's physical education grade, as they are not in class to participate and earn points. Failure to participate in class activities even when dressed in uniform will affect a student's grade. Student's who miss PE as a result of an illness for an extended time need to provide documentation from a doctor and may ask the instructor for alternative work to complete to earn back some credit for days missed. Students are also assessed for the knowledge portion of their grade through work sheets and written tests.

Physical Education Attendance Policy

The administration and physical education staff at Sterling High School agrees that punctual and regular attendance is essential to a student's success in school. Regular attendance is also a mark of a mature sense of responsibility. Unfortunately, circumstances may sometimes arise that make it impossible for a student to attend school. Listed below are the valid causes for absenteeism.

Valid Causes of Absenteeism

Sterling High School, in keeping with Section 26-2A of the Illinois School Code, considers the following circumstances to be valid causes for a student's absence:

1. Illness
2. Religious holidays
3. Death in the Family
4. Valid doctor or court appointment - Student should have documentation upon his/her return to school.
5. Family emergency.

Excused Absences Policy

Students enrolled in physical education class during any given semester shall be granted **four (4)** excused absences. During these absences students are not required to make-up any class time they may miss. The students' fifth (5th) excused absence and every additional excused absence from physical education in a semester will result in no participation points being awarded. Students are given the opportunity to make up points due to absences by participating in the cardio room before/after school or during a study hall. Arrangements can be made with their instructor.

Unexcused Absence and Suspension Policy

Because Physical Education is participation-based class, ALL absences from class will result in no points being awarded. Students are given the opportunity to make up points due to absences by participating in the cardio room before/after school or during a study hall. Arrangements can be made with their instructor.

Athletic Absence Policy

Students who miss physical education because of school related athletics are not required to make up the class time they miss.

Please note that all student fee accounts must be paid in full before the State of Illinois will be electronically notified to secure the driver's license.**

GRADING SYSTEM

A progress report is issued each marking period of the school year. This will show the student and the parent what progress has been made in the student's work. A report card is issued each semester. The semester grade becomes a part of the student's permanent school record.

Students will earn weighted grades for Advanced Placement courses. The grading system used for this reporting has the following point value:

| <u>GRADE</u> | <u>POINT VALUE</u> | <u>WEIGHTED POINT VALUE</u> |
|---------------------|---------------------------|------------------------------------|
| A Superior | 4.0 | 5.0 |
| B Above Average | 3.0 | 4.0 |
| C Average | 2.0 | 3.0 |
| D Below Average | 1.0 | 1.0 |
| F Failing | 0.0 | 0.0 |
| W Withdrawal | 0.0 | 0.0 |
| P Pass | | |
| I Incomplete | | |

An "Incomplete", except in unusual circumstances, must be made up three weeks after the report cards have been issued.

Any course in which a student received an "F" or "W" must be repeated if he/she is to receive credit.

DROPPING CLASSES

Forms for the purpose of dropping a class or classes are available from the student's counselor. Students are encouraged to discuss withdrawal from a class thoroughly with the involved teacher, their parents/guardians, and their counselors. All other possible alternatives should be explored before the withdrawal option is implemented.

Single Semester Classes

If a student drops a class prior to the end of marking period 2, no grade will be issued. If the class is dropped after marking period 2, a grade of "WP" will be recorded for the class if the student is passing at the time of withdrawal, and a grade of "WF" will be recorded for the class if the student is failing at the time of withdrawal. The grade of "WP" and/or "WF" will not count in computing the student's grade point average. A student may not drop any semester long class after the end of marking period 3.

Year-Long (Two Semester) Classes

If a student drops a class prior to the end of marking period 2 of first semester, no grade will be issued. If the class is dropped after marking period 2 of first semester, a grade of "WP" will be recorded for the class if the student is passing at the time of withdrawal, and a grade of "WF" will be recorded for the class if the student is failing at the time of withdrawal. The grade of "WP" and/or "WF" will not count in computing the student's grade point average. A student may not drop a yearlong class after marking period 3 of the first semester. Any exception to this policy must be approved by the Principal and/or Associate Principal.

Students can and will be dropped from a class by administration if there are repeated incidents of misbehavior.

DUAL ENROLLED WITHDRAWAL PROCESS

All withdrawals from Dual Enrolled classes must be initiated with the student's Sterling High School counselor. The SHS school counselor will then direct the student to the college for their withdrawal procedures. Sauk Valley Community College's withdrawal procedures can be found at: <http://www.svcc.edu/UserMenu/potential/right-to-know/withdrawal.html>

GRADE POINT AVERAGE

All semester grades earned by students are represented on the student's transcript. This includes all grades for classes that are repeated. The highest grade for the repeated class(es) will be awarded credit and calculated into the grade point average.

HONOR ROLL

The honor roll is published at the end of each semester. To determine students'

eligibility for the honor roll, letter grades are converted to a point value in the grading system and averaged.

The honor students are listed under two headings: High Honors with an average of 3.75 - 5.00 and Honor Roll with an average of 3.25 - 3.749.

GOOD STUDENT INSURANCE DISCOUNTS

Some insurance companies allow discounts of 15-25% on auto insurance for students who have maintained a "B" average for either the cumulative or semester GPA. Students should contact their insurance agent for the proper forms and submit them to the Counseling Office for completion.

MARKING PERIOD REPORTS/ACADEMIC PROGRESS REPORTS/SKYWARD

Every four and a half weeks marking period reports are posted on Skyward. These grade period reports are cumulative grades of the student's progress throughout a semester.

At any time during the school year, an Academic Progress Report may be initiated for a student. This may be requested by parents, teachers, administrators, counselors, parents, and/or students and may serve as an eligibility check or progress report.

Additionally, parents and/or students may check current grades by accessing Skyward through the parent resources on the Sterling High School homepage or the Sterling Public Schools website. Contact the main office for an access code. Based on these grade reports, a conference may be initiated by students, parents, teachers, counselors, and/or administrators.

REPORT CARDS

Report cards are issued at the end of each semester. These semester grades are recorded on the student's transcripts. A semester grade is the cumulative grade of the four grading periods and includes a semester/final exam.

CONTACTING TEACHERS

Frequent communication between home and school is an important part of your child's education. If you have any questions or concerns, we encourage you to contact your student's teacher(s) through e-mail, phone calls, letters, or in person. All Sterling High School teachers have telephones in their classrooms. The phone system has a voice mail feature and parents are encouraged to phone teachers directly to check on a student's academic progress. The teachers also have e-mail addresses, which are the first letter of the teacher's first name, followed by the teacher's entire last name, followed by @sps5.org. A complete list of telephone extensions and email addresses appears on the SHS website. The phone number at the high school is 625-6800.

PASS/FAIL OPTION

Students may elect to take a course on a pass/fail basis if the requirements listed below are met:

- The teacher of the class must be consulted prior to a student's election of this

- option.
- The teacher of the class will determine what grade percentage constitutes a passing grade but in no case shall this grade be more than 60%.
 - The teacher, counselor, administrator, and parent must sign a request slip available in the counselors' office.
 - No student will be allowed to take a class pass/fail until he or she has earned 10 credits.
 - The completed and signed pass/fail form must be submitted by the last day of marking period 2 in either semester. The pass/fail option cannot be changed once initiated.
 - Any course that is used to fulfill graduation requirements may not be taken pass/fail.
 - The 1st and 2nd years of a foreign language may not be taken pass/fail.
 - A grade of "P" is recorded for a student who has met the teacher's requirement for passing a class, and this grade is not calculated into a student's GPA.
 - A grade of "F" is recorded for a student who does not meet the teacher's requirement for a passing grade, and this grade is calculated into the student's GPA

CONDITIONAL FAILURE

The first semester teacher may offer a student who fails the first semester of any full-year course a conditional failure. Terms for the conditional failure must be in writing on a form available in the Counseling Office. If the terms of the agreement are met second semester, the teacher will notify the registrar to grant credit for the first semester as a "D" grade. If the terms are not met, the grade remains an "F".

HOMEWORK

Homework is part of SPS instructional program. Homework is assigned to further a student's educational development and is an application or adaptation of the classroom experience. Homework is used to reinforce and apply previously covered concepts, principles, and skills; is not assigned for disciplinary purposes; serves as a communication link between the school and parents/guardians; encourages independent thought, self-direction, and self-discipline; and is of appropriate frequency and length, and does not become excessive, according to the teacher's best professional judgment.

LIBRARY MEDIA CENTER

The Library staff is dedicated to providing curriculum related information services and instructional equipment for students and staff. The Library facility is open Monday through Friday 7:30 a. m. - 4 p. m. Library users have access to the Internet and students will not be allowed to access any chat rooms. They may search licensed databases and the Online Library Catalog. The Library print collection includes fourteen thousand volumes and more than forty periodical subscriptions. Also, Library staff provides full Inter-library loan services to library users. The Library also provides an extensive e-library of reference books and other literature. A student must have a current SHS ID card to borrow materials from the Library.

SCHOOL COUNSELORS AND STUDENT SERVICES

Sterling High School is committed to providing a counseling program to all students.

We believe in working to make continuous strides to meet the academic, social-emotional, and post-secondary needs of all of our students. School counselors work in collaboration with parents, teachers, administrators, nurses, and the community to enable students to leave high school with a developed plan to be a productive member of society and have the academic and social-emotional skills necessary to follow that plan.

Counselor/Student Confidentiality

The general requirement that counselors keep information confidential does not apply when disclosure is required to prevent clear and imminent danger to the client or others, or when legal requirements demand that confidential information be revealed. Counselors adhere to the **Code of Ethics and Standards of Practice** of the American School Counselor Association.

Before a student can receive special education programming and/or services, the following criteria must be met:

1. The student must be registered with Sterling Public Schools.
2. The student must have a documented disability as determined by a multidisciplinary team.
3. The student must be a resident of Sterling Public Schools.
4. The student must have an educational need.
5. Appropriate procedural safeguards must be followed in order to guarantee the student's Free and Appropriate Public Education.

These criteria are established through diagnostic testing and evaluation, information provided by school personnel and family, and other sources as requested by the family or school.

Eligibility for services is determined and agreed upon at a child review at which parents; school personnel, Bi-County personnel and others are invited to attend to review the results of the case study evaluation. An Individual Education Program (IEP) is then developed to address the specific learning needs of the student.

Special Education services are provided in and coordinated with the regular classroom program as much as possible. However, additional resource and/or support are provided as per the best interest of the student's needs. In some instances, placement outside of the Sterling Public Schools is necessary to meet specific student needs. Please address any questions regarding the availability of special education services to your child's teacher or the building principal.

These claims will have no impact on your ability to receive Medicaid funding either now or anytime in the future. If you do not object to this release of information related to Medicaid claims for your child, do nothing.

Rules and regulations are necessary for the development and maintenance of an orderly and safe school environment that is conducive to teaching and learning. As a result, certain behaviors are recognized as being inappropriate and unacceptable at school, on school property, and within the jurisdiction of the school district.

The following consequences will be utilized for students in violation of Sterling High School's Discipline Policy: Before and after school classroom detention(s), behavior contracts, 1-hour and 3-hour detentions, out-of-school suspension, parent conferences, removal of privileges, social and/or disciplinary probation, student conferences, financial restitution, police referral, and expulsion.

away.

THESE ARE GUIDELINES TO BE INTERPRETED BY SPECIFICALLY TRAINED, PROFESSIONAL STAFF MEMBERS AT STERLING HIGH SCHOOL. EACH INCIDENT WILL BE CONSIDERED ACCORDING TO THE INDIVIDUAL MERITS OF THE CASE. AS IN ANY SET OF REGULATIONS CONCERNING PROCEDURAL OPERATIONS, IT IS NOT POSSIBLE TO SPECIFY EVERY CONCEIVABLE SITUATION.

SCHOOL RULES PUBLISHED IN THIS HANDBOOK ARE SUBJECT TO SUCH CHANGES AS DEEMED NECESSARY TO ENSURE CONTINUED COMPLIANCE WITH FEDERAL, STATE, AND/OR LOCAL REGULATIONS AND ARE SUBJECT TO SUCH REVIEW AND ALTERATION AS NECESSARY FOR THE ROUTINE OPERATION OF THE SCHOOL.

Students who have followed these procedures and feel their complaint has gone unresolved may take their issue to the Superintendent of Schools and School Board (Policy 7.20 Students).

ATTENDANCE POLICY

The administration and teaching staff at Sterling High School agrees that punctual and regular attendance is essential to a student's success in school. Regular attendance is also a mark of a mature sense of responsibility. Unfortunately, circumstances may sometimes arise that make it impossible for a student to attend school. When such an absence does occur, it is necessary for the student to seek out and complete assignments.

However, it is important for students to realize that completing make-up work does not replace the actual experience of being in class. It is not possible to make up the learning experiences that occur through listening to instruction, participating in classroom discussions and activities, and hearing and processing the ideas and questions of others. Therefore, regular daily attendance must be a priority of each and every student at Sterling High School.

To help students meet the goal of regular attendance, A LIMIT OF TEN ABSENCES from one class in one semester will be imposed. Any absences beyond ten, except for no count absences, may directly affect the student's grade, with teachers having the discretion to accept make-up work. Unexcused or unexplained absences at any time will affect the student's grade, as described in UNEXCUSED ABSENCES (TRUANCY).

VALID CAUSES OF ABSENTEEISM

Sterling High School, in keeping with Section 26-2A of the Illinois School Code, considers the following circumstances to be valid causes for a student's absence:

1. Illness
2. Religious holidays
3. Death in the family
4. Valid doctor or court appointment - Student should have documentation upon his/her return to school.
5. Family emergency.

NOTE: A reminder to all students and parents about absences:

The Illinois legislature has defined to its schools what constitutes a valid cause for an absence. Please understand that as a school, we determine what is considered "valid cause" for an absence. The SHS administration reserves the right to deny anyone the right to leave the building at any time.

CATEGORIES OF ABSENCES

EXCUSED ABSENCES

If a student's absence has a valid cause and is reported to the Attendance Office within 24 hours, the first eight such absences will be considered excused. More than ten absences will require a doctor's note in order to be excused and the same provisions will

apply after ten absences concerning missed student work. Students will be allowed to make up work missed from excused absences and suspensions. Parents/Guardians will be informed by mail at the time of the student's seventh absence from a class.

Policy on EXCUSED ABSENCES:

7+ excused absences in a semester or 3 consecutive absences = warning letter

10+ excused absences in a semester = doctor's note may be required

Truants' Alternative Program (TAP)

Schools have many goals and responsibilities for educating students, such as preparing them for employment as adults. is one very important goal. As students grow and mature, they develop the skills and habits that they will use as adults in the workforce. Punctuality and regular attendance are crucial habits that successful employees exhibit. Students begin developing these habits as early as kindergarten by coming to school regularly and on time. In cooperation with the Whiteside Regional Office of Education, students may be referred to the Truants' Alternative Program (TAP) in order to help ensure the success of that student. A student may be referred to TAP when one of the following occurs in a semester:

1. 3 days of Truancy
2. 12 excused absences

NO COUNT ABSENCES (may occur at any time during the semester)

Certain absence situations will **NOT COUNT** in the student's eight allowed absences. These include:

1. Field trips, 2-college visits, extra-curricular activities, and religious holidays, when the approval procedure is followed prior to the absence.
3. Visits to Administrative offices or appointments with guidance counselors or social workers.

Students always have the privilege of makeup work missed from a no count absence, provided the work is completed within the makeup work policy, two days for every day missed.

UNEXCUSED ABSENCES (TRUANCY)

A student is considered unexcused or truant when absent for a school day or any portion of a school day without valid cause. **If a student's absence is unexcused, he/she will not be allowed to make up work for credit.** Exceptions will be made for major tests and projects; these, however, must be made up within one school day of the absence.

Examples of unexcused absences: **Attendance office not receiving a call within 24 hours**, oversleeping, missing the bus, car trouble, work, or employment interviews, hair appointments and/or leaving without permission (even with illness). **Students who become ill MUST first see our school nurse. Our nurse will contact parents if she feels the student needs to go home.**

It is extremely important that all students attend each of their classes daily. Valuable information is missed and grades suffer when a student misses class. Sterling High School Administration is trying to reduce the number of student truancies. In efforts to do

this, the truancy policy has been updated. When a student is missing from class and the absence has not been excused, the following procedure will take place:

TRUANCY (SCHOOL) (Student is unexcused/skips at least three classes in a school day)

- The student is called to the attendance office and/or the absence is discussed with administration.
- The first and second truancy offense will result in a one-hour detention.
- The third and fourth truancy offense will result in a D-day which is a 3-hour detention. ***The third truancy (school) will also result in a referral being made to the TAP (Truants' Alternative Program), a referral to our school resource officer, and a truancy ticket.***
- The fifth truancy offense will result in a D-day a referral to our school resource officer, and a 2nd truancy ticket.
- The sixth and seventh truancy offenses will result in D-days.
- Every subsequent truancy will result in a D-day and referral to the school resource officer.
- A parent/guardian contact will be made each time a student is truant. This contact will be made either by mail, telephone or email.

TRUANCY (CLASS)

- The same policy is followed for truancy (class) as it is for truancy (school). The first truancy ticket will be issued at 21 truant classes, the second ticket and a referral to the TAP (Truants' Alternative Program) at 35 UNEXCUSED absences to class/truant classes.

NOTE: Our school resource officer frequently patrols on and around campus. Citations may be issued ANY time a student skips class or school. Here are the truancy steps/tickets if the police are involved:

1. ***\$75 citation minimum issued to the student***
2. ***\$150 citation minimum issued to the student***
3. ***\$750 citation maximum ISSUED TO THE STUDENT.***

Once any truancy citation has been issued, the student, accompanied by a parent, will be required to attend an administrative hearing with a hearing officer held monthly at 212 3rd Avenue.

RESPONSIBILITIES FOR EXCUSED ABSENCES

It shall be the STUDENT'S RESPONSIBILITY to:

1. Present the appropriate verification to the attendance office.
2. Make arrangements for make-up work for excused absences with individual teachers. The time allowed for make-up work is equal to the number of days of excused absences.

It shall be the PARENT/GUARDIAN'S RESPONSIBILITY to:

1. Ensure that the circumstances for an absence are of valid cause and sufficient reason to warrant the student missing valuable instruction time.
2. Inform the attendance office of any valid absence within 24 hours of the absence.

It shall be STERLING HIGH SCHOOL'S RESPONSIBILITY to:

1. Monitor the student's attendance.
2. Inform parents/guardians of any attendance problem.
3. Upon request, provide students with homework assignments on the day the student returns to class from an excused absence.

REPORTING AN ABSENCE

Sterling High School has a twenty-four hour answering machine. Parents/guardians or emancipated students should notify the attendance office (815-622-4181) by 10:30 a.m. on the day of an absence. The attendance office is open at 7:00 a.m. to receive calls. To have the absence excused/explained, the call must be received within 24 hours or by 4:00 p.m. the day after the absence. ***Any absence not excused/explained within the 24 hour time frame will be considered unexcused and subject to truancy procedures.**

EXTENDED ABSENCES: (FAMILY VACATIONS)

The parent or guardian of the student, through a personal visit or call to the administration prior to the contemplated vacation, must make arrangements for this type of absence. If the request is approved, the student must contact each of his/her teachers prior to departure. Classroom teachers will determine the eligibility of a student to receive academic credit for the days absent based on the student's attendance status in the class, in accordance with the Sterling High School attendance procedures. In regards to missing finals due to an extended absence, arrangements for first semester must be made by December 1st for the student to be given permission to take a final before or after the scheduled final. For second semester, arrangements for rescheduling finals must be made by May 1st.

PROCEDURE FOR LEAVING SCHOOL GROUNDS

1. The attendance office or nurse must have a call from the student's parents/guardian **before** he/she is allowed to leave campus.
 2. Students must go to the attendance office for a pass to get out of class for medical or dental appointments, etc.
 3. **The student must sign out at the attendance office.** If the student returns before the end of his/her school day, he/she should sign in at the attendance office.
 4. If a student is ill, he/she must report to the nurse or to the attendance office for permission to leave school. If students leave school ill without seeing the school nurse or school personnel first, it will be considered truancy.
- *Any student leaving school grounds during the school day without following these procedures will be considered truant.**

HALL PASSES

No student is permitted out of class, or study hall without a pass. Any request authorizing a student to leave a scheduled area must be signed by the teacher initiating the request.

1. **Teachers will not give students passes out of class unless it is an absolute emergency.**

2. Students in the hall must present their pass and student ID to District Staff upon request.

3. Students in the hall without a pass or student ID will be referred to the administration.

WITHDRAWAL FROM SCHOOL

Any student who is withdrawing from school is urged to see his/her counselor to discuss procedures for making a smooth transition to another school or to discuss alternate options for completing his/her high school education. Students need to obtain a withdrawal form from their counselor. This form needs to be signed by the parent, the counselor, the nurse, the librarian, the main office secretary, the case manager (special education students only), and the associate principal. The Mac Book Air computer and all materials checked out with the computer needs to be returned to the main office. All textbooks are to be returned to the teachers and all fines and damage charges paid before the student leaves school. On the last day of attendance, the student needs to have the withdrawal form signed by each teacher and then return it to his or her counselor.

When you enroll your child at the new school, you will sign a release of information form. We will then transfer copies of the student's records.

CAMPUS VIDEO SURVEILLANCE

Sterling High School operates and maintains its own video surveillance system covering hallways, doors, and parking lots. Because these cameras only monitor public use areas, there is no understanding of student/public privacy. The captured video is viewed by SHS administration and the Sterling Police to aid in the discipline and/or arrest of individuals involved in school infractions and/or criminal activity. If a student is disciplined as a result of this video, parents/guardians may view captured video at the discretion of the administration. Any requests to view captured video used for discipline must be made in writing and submitted to Sterling High School Administration.

Situations that endanger the health and safety of others in the school will not be tolerated. Physical confrontation is a dangerous and inappropriate method for solving problems. Students are expected to solve problems through proper channels (teacher, counselor, and/or administrators).

If you are in a fight, you should be prepared to receive the disciplinary consequences **REGARDLESS** of who started it. Pushing, shoving, wrestling, etc. may be considered as fighting, regardless of intent.

Students involved in fighting, provoking a fight, threatening, or harassing another student shall be subject to disciplinary consequences, including any or a combination of the following: Recommendation for expulsion, financial restitution for damages, police referral/arrest, out-of-school suspension, detention, parent contact, social probation, and/or student conference. Peer/parent mediation is a possibility.

FORGERY AND/OR POSSESSION OF SCHOOL FORMS

Students altering or forging school forms or in possession of school forms will be subject to disciplinary action.

GAMBLING

No gambling will be permitted. State law prohibits gambling for money in public schools.

GANG AND GANG-RELATED ACTIVITIES

Sterling High School prohibits the presence of gangs, gang activities, or other undesirable groups, which by their nature, interfere with and/or disrupt school and school activities.

A gang is defined as any group of two or more persons not affiliated with school or school sponsored activities whose purposes include the disruption of the learning environment and/or the commission of illegal acts.

It is the school's position that no student on or about school premises, on school buses,

or at any school activity shall engage in the following:

1. Wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblem, badge, symbol, sign, or other item which is evidence of membership or affiliation in any gang;
2. Committing any act or omission, or using any speech, either verbal or non-verbal (gestures, handshakes, etc.) showing membership in or affiliation with a gang;
3. Using any speech or committing any act or omission to further the interests of any gang or gang activity, including but not limited to:
 - a. Soliciting others for membership in any gangs;
 - b. Requesting any person to pay protection or otherwise intimidating or threatening any person;
 - c. Committing any other illegal act or other violation of school district polices;
 - d. Inciting other students to act with physical violence upon any other person.

It shall be unlawful for any person of known street gang associate to display, demonstrate, or communicate or “throw” street gang hand signs in any public place/ school within the city. A person will be considered in violation of this article if such facts cause a reasonable person to conclude the activity is related to street gang activity and will be fined not less than \$75 and not more than \$750 in violation of city ordinance 62-60.

Students in violation will also be subject to disciplinary action by Administration, referred to the local law enforcement agency, and may be recommended to the Board of Education for expulsion.

ANY ORGANIZED GROUP OR GANG-RELATED FIGHT, WHILE STUDENTS ARE UNDER THE JURISDICTION OF STERLING HIGH SCHOOL, WILL RESULT IN A 10 DAY OUT-OF-SCHOOL SUSPENSION, POLICE REFERRAL, AND A RECOMMENDATION FOR EXPULSION.

HAZING

Soliciting, encouraging, aiding, or engaging in hazing is prohibited. “Hazing” means any intentional, knowing, or reckless act directed against a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any organization, club, or athletic team whose members are or include other students.

Students engaging in hazing will be subject to one or more of the following disciplinary actions: temporary suspension, removal from the extra-curricular activity, parent/guardian conference, and/or referral to the local law enforcement agency.

Students, engaging in hazing that endangers the mental or physical health or safety of another, may also be subject to an out-of-school suspension for up to 10 days and recommendation for expulsion.

NECESSARY USE OF FORCE BY STAFF MEMBER

Staff members may apply sufficient physical force necessary to maintain or restore order in the school building, on the school campus, and/or at school sponsored activities.

PUBLIC DISPLAY OF AFFECTION BY STUDENTS

Handholding is the only permissible demonstration of affection in the educational setting. Penalties may range from reprimand to suspension, depending upon type of display and repetition.

SOUNDING A FALSE FIRE ALARM

Any action that endangers the safety and well-being of others will not be tolerated. Any student sounding a false fire alarm may be suspended 10-days out-of-school, arrested by the police and prosecuted to the maximum penalty allowed by law, be fined financial restitution to the Sterling Fire Department, and/or recommended for expulsion.

The person activating a false alarm victimizes the entire student body and staff through his/her irresponsible actions. People are put in dangerous situations and the entire school day is disrupted.

STUDENT DRESS CODE/CLOTHING STANDARD

We believe the appearance of students is primarily the responsibility of the parent. However, when a student's appearance is felt to be detrimental to the educational process or presents a health or safety issue, the student will be asked to make appropriate changes. In general, school attire will cover the individual from the top of the shoulders to the mid-thigh area. Students are also required to wear some type of footwear. The following guidelines are clarifications of the above rules:

1. See through or immodest clothing, short-shorts or skirts (skirts and shorts must come below all of the fingertips when the student places his/her arms to his/her side), exposed midriffs, stomach, cleavage, clothes that advertise or symbolize drugs, tobacco, alcohol, symbolize gangs, profanity, sexual innuendos, or obscenity will not be allowed.
2. Sleeveless shirts must have straps over each shoulder with a minimum width of one inch.
3. Backless shirts are not allowed.
4. Underclothes worn in an exposed manner are unacceptable (includes, but not limited to bras, underwear, and boxers).
5. Pants need to be secured at the waist or hip level.
6. Heavy neck, wrist, or wallet chains are not allowed.
7. Head coverings are not to be worn in the building (including bandanas).
8. Coats are to remain in the locker during school hours.
9. Students are barred from wearing any clothing that could "reflect adversely on persons due to race".

If a parent is unable to bring a change of clothes, the student will not be allowed to leave campus to change. Clothes (t-shirt, sweatpants, or other appropriate attire) will be provided to him/her by the administration. Exemptions to the dress code may be determined for specific events or causes, as determined by the Principal.

STUDENT ID CARD

Each student will receive a picture ID card. For the safety and security of the students of Sterling High School, it is required that every student carry his/her ID at all times. The student ID card is also used for lunch accounts, the library, entrance into student activities, and Internet use. Failure to produce a school picture ID when asked by faculty, staff, or administration will result in a loss of privilege and/or additional consequences.

Students may purchase new photo ID cards from the Main Office. The cost of a new

photo ID card is \$2.00.

TARDY POLICY

Tardiness is considered unacceptable behavior because it disrupts class, reflects a negative attitude toward class, creates disruptive problems in the hall, and develops a habit that could impact on future employment.

All tardies will be handled by the classroom teacher and assisted by Administration, when necessary. Teachers will use the following consequences/interventions but are not limited to warnings, parental contact, counselor referral, and before school or after school detentions. If a student has more than 10 classroom tardies to a semester class or 15 classroom tardies to a yearlong class, then they will be on social probation for the remainder of the school year. This means they will NOT be able to attend any extracurricular activities for the rest of the school year. They will still be held accountable for those detention hours that have accrued due to those tardies.

Tardies

- All students and teachers are expected to be on time to each class. (On time per teacher classroom rules).
- Every teacher will follow the same tardy policy
- Teachers will be expected to make parent contact on the 3rd and 4th tardy. If contact cannot be made, then a form letter will be sent home. (A form letter will be available).
- Tardy policies will be posted in all rooms.

Tardy Policy

1st Tardy – Warning

2nd Tardy – Teacher discretion (Teacher may give another warning, a short detention, etc.)

3rd Tardy – 15 minute detention with teacher and parent contact made. (If detention is not served in a reasonable amount of time, then the student receives a 30-minute detention and will be considered at his/her 4th tardy.)

4th Tardy – 30 minute detention with teacher and parent contact made.

5th Tardy – Automatic referral sent to administrator and/or dean, 1-hour detention, and loss of open hour, if applicable.

From the 5th tardy on, Skyward automatically sends referrals to the appropriate administrator. Students should not be sent to the office when they are tardy. Administrators will use parent contacts, parent meetings, detentions, etc. to deal with the problem. If a student is more than 15 minutes late, he/she should be marked absent in Skyward. Please contact the attendance office by phone or e-mail by the end of the day in regards to the tardy. Tardies that lead to truancy will result in a \$75 - \$750 fine (see truancy).

TARDY TO SCHOOL

5 Tardies = One hour detention and parent contact

6-9 Tardies = One hour detention for each tardy and parent contact
10+-11 Tardies = D-Day for each referral, referral to TAP, and parent contact
12+ Tardies = D-Day, parent contact, and warning letter sent home
15+ = D-Day and Truancy fine

Over 15 Minutes Tardy = Truancy to Class Referral

TARDY TO CLASS

3-4 Tardies per class = classroom discipline and parent contact
5-9 Tardies per each class = One Hour Detention for each referral and parent contact
10+ =D-Day for each referral; parent contact and referral to TAP
Over 15 minutes to class without a valid excuse = Truancy to Class Referral

TECHNOLOGY USE POLICY

Access to Internet and other electronic resources at Sterling High School is a privilege, not a right and, as such, can be revoked when a student misuses the resources. Any disciplinary action beyond the revocation of access privileges will be determined by the Administration in accordance with established school disciplinary policies and procedures.

Students will be required to sign the District's *Authorization for Electronic Network Access* in order to use Internet resources independently. All use of technology will be in accordance with the Sterling High School Board of Education Policy for Internet and Network Usage and conducted in a safe and appropriate manner as specified by the Children's Internet Protection Act of 2000.

The student and his/her parents accept responsibility for the student's on-line actions. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials. All other discipline policies of Sterling High School apply also to on-line activities.

The use of social networking sites has become a common form of communication for many students. Unfortunately, there have been instances throughout the state in which students' online posts on social sites has created a substantial disruption to the school environment.

The Illinois Right to Privacy in the School Setting Act (Public Act 09-0129), which went into effect January 1, 2014, allows all public elementary and secondary school districts throughout the state to obtain the "password or other related account information: (which included profile pages) of students if there is just and reasonable cause that the accounts contain evidence that school codes of conduct have been broken. Please note that the law applies to all posts on students' social networking pages whether or not their profiles are public or private, or whether the posts were made from home or school.

Be advised that postings that include violence against others, bullying, harassment, and intimidation, alcohol and/or substance abuse, weapon usage, and any other content that violates the student code of conduct could result in disciplinary action.

THEFT/POSSESSION OF STOLEN PROPERTY

Students involved in the theft of property or goods or the possession of stolen property from other students or school personnel will be dealt with in the best means of remediation determined by the administration.

Consequences include one or a combination of the following: recommendation for expulsion, financial restitution, police referral, arrest, out-of-school suspension, detention, parent contact, social probation (suspension from all school events), and/or student/Administration conference.

TOBACCO PRODUCTS - POSSESSION

The possession of tobacco or use of tobacco in any manner in the building, parking lot, or at school activities will constitute a violation of this policy. Any student in possession of tobacco, chewing tobacco, or use of tobacco will be issued a \$25 City of Sterling citation in violation of the city ordinance 22-81 and will be subject to the following disciplinary action:

1. First infraction -
 - a) D-day, 3-hour detention

2. Second infraction -

 - b) Police Referral

3. Third infraction -
 - a) Four-day out-of-school suspension
 - b) Police Referral
 - c) Parent/guardian contacted
 - d) In lieu of a 4-day out-of-school suspension, the student may elect to enroll and successfully complete an appropriate out-of-school nicotine addiction-counseling program, reducing the suspension to a D-day.
4. Fourth infraction -
 - a) Five-day out-of-school suspension
 - b) Police referral
 - c) Parent/guardian contacted
5. Fifth infraction -
 - a) Ten-day out-of-school suspension
 - b) Police Referral
 - c) Parent/guardian contacted

VANDALISM

Vandalism of any nature (graffiti, writing on desks, walls, damaging school or personal property, and other destructive acts) will result in a police referral and may result in an out-of-school suspension of 1 to 10 days and a possible recommendation for expulsion. Such offenders will also be required to make necessary restitution for all charges pertaining to their act of vandalism.

WASHROOMS

Passes to washrooms will not be issued during class unless it is an emergency or a doctor's excuse has been filed with the nurse. Washrooms are to be used for the purpose intended. Loitering in any washroom will not be tolerated at any time. During lunch periods, washrooms directly adjacent to the cafeteria are to be used by students assigned to the cafeteria.

WEAPONS

A student who uses, possesses, distributes, purchases, or sells an explosive, firearm, knife, or any other object that can reasonably be considered a weapon shall be expelled for at least one calendar year. The Building Principal or designee shall immediately notify the School Resource Office or the local law enforcement agency of any student who brings a firearm or weapon to school. The Board of Education may direct the Superintendent to modify the expulsion requirement on a case-by-case basis.

Before receiving disciplinary action, the student shall be given the opportunity to deny or explain his or her conduct.

Physical restraint may be used when necessary to protect the student or other individuals and/or property from harm. (Board Policy 7.190)

BOARD OF EDUCATION POLICIES - Sterling Public Schools 7.190

Students

This policy becomes effective and replaces the current policy on Student Discipline on the first student attendance day of the 2016-2017 school year.

Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

 - h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a “weapon” as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device that is otherwise not banned by this policy, in any manner that disrupts the educational environment or violates the right of others, including using the device to take photographs in locker rooms or bathrooms, cheat, signal others, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy, all electronic devices must be kept powered off and out of sight during the regular school day unless: (a) the supervising teacher grants permission, (b) use of the device is provided in a student's IEP, or (c) it is used during the student's lunch period, it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
10. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. This does not include the non-disruptive: (a) expression of gender or sexual orientation or preference, or (b) display of affection during non-instructional time.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is (a) on the student's person, or (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile, or (c) in a school's student locker, desk, or other school property, or (d) any other location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or physiological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such

notification does not limit the Board's authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psycho stimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or a designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent(s)/guardian(s) have been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or a designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7.220, Bus Conduct.
11. Out-of school suspension from school and all school-sponsored events in accordance with Board policy 7.200, Suspension Procedures. A suspended student may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school-sponsored activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7.210, Expulsion

Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons, or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year, but not more than 2 calendar years.

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18, of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent(s)/guardian(s). "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment or in-school suspension, which is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated (licensed) educational employees, and other persons (whether or not certificated) providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel or persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board of Education may suspend a student from riding the bus in excess of 10 days for safety reasons and may expel students.

Student Handbook

The Superintendent or a designee, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parent(s)/guardian(s) within 15 days of the beginning of the school year or a student's enrollment.

UNDERSTANDING CONSEQUENCES
ADMINISTRATIVE REVIEW BOARD

An Administrative Review Board will deal with intervention for students repeatedly violating Sterling High School's Discipline Policy. The Administrative Review Board may

be comprised of a teacher, an administrator, the student's counselor, and/or other personnel as deemed appropriate by the administration.

To enhance student achievement and learning and maintain a safe learning climate, it is critical for students to adhere to the discipline policy. For the good of the vast majority of the student body, individual students who consistently violate the rights of others, or who exhibit little or no interest in the basic purposes of the school, will be excluded from the district in a manner and for a period of time consistent with Sterling High School Board of Education Policy and State Law.

Violation of Sterling High School Board of Education Policy will be dealt with using the following point system (points are given to the student based on the consequence he or she receives for his/her violation of policy).

| CONSEQUENCE | POINT/VALUE |
|--|--------------------|
| 1-hour detentions | 1 point |
| D-Day (3-hour detentions) | 2 points |
| 1 & 2 day out-of-school suspension | 3 points |
| 3 & 4 day out-of-school suspension | 4 points |
| 5, 6, & 7 day out-of-school suspension | 5 points |
| 8 & 9 day out-of-school suspension | 6 points |
| 10 day out-of-school suspension | 7 points |

Any student reaching 16 points during the academic school year will be required to meet along with his/her parent/guardian for an ADMINISTRATIVE REVIEW with the Administrative Review Board. The principal shall appoint the Review Board.

During the review, the student will be placed on Disciplinary Probation and restored back to 10 points. If after meeting with the Review Board the student continues to violate Sterling High School Disciplinary Policy and reaches 20 points, the student will be suspended out-of-school for a period of 10 days. If a parent/guardian chooses to NOT attend the Administrative Review, after 3 attempts, the student will continue to accrue points. If the student earns 20 points, the student will be suspended out-of-school for a period of 10 days. During that 10-day school period, the student has a choice: he/she can voluntarily withdraw from Sterling High School, or not withdraw and exercise his/her due process rights of an expulsion hearing. If a student acquires twenty (20) points and chooses to withdraw from classes, he/she is welcome to return the following semester. If the student's return is in the same school year, the student will return with 16 points, and is required to meet with an Administrator to sign a conditional re-enrollment contract. The student will have the ability to reduce points from his/her accumulated total by displaying appropriate behavior. Students will have 2 points deducted for each month that passes without earning additional points (month is defined as 30 calendar days and starts from the last contact).

***PLEASE NOTE THAT CERTAIN INFRACTIONS OF BOARD OF EDUCATION POLICY WILL INITIATE IMMEDIATE RECOMMENDATION TO THE BOARD OF EDUCATION FOR EXPULSION, REGARDLESS OF STATUS ON THE POINT SYSTEM.**

After School and Before School Detentions

Detentions that are assigned by teachers, the Principal, and/or an Associate Principal

will be served before or after school. Detentions before school will be from 7:00 a.m. until 7:55 a.m. or as designated by the infraction for 15- and 30-minute detentions. These before school detentions will be served in the classroom of the assigning teacher, and/or the main office. After school detentions, which are served in the detention room, are served on Tuesdays and Thursdays. One-hour detentions are served from 3:05 p.m. to 4:05 p.m. and D-Days, 3-hour detentions, are served from 3:05 p.m. to 6:00 p.m. Failure to attend any assigned detention will result in further disciplinary action such as more detention time, out-of-school suspension, or exclusion from privileges. This may include, but not limited to, athletic events, dances, and/or participation in the graduation ceremony. For discipline purposes, Sterling High School will also be offering students an opportunity to work in place of the traditional detention. Students who have open hours may be permitted to serve their detention in the main office during this time, but only with administrative approval. No detentions will be served during a student's study hall period.

Out-of-School Suspension is the exclusion of a student from the school setting from one to ten days. This action is taken only after other measures have been tried, or in the

case of serious offenses.

The Superintendent, Principal, or Associate Principals shall have the authority to suspend students for gross disobedience or misconduct. Any parent/guardian who feels their student's rights have been violated may appeal a suspension. Prior to a suspension, the student is entitled to a conference with an administrator. During this conference, the student will be told of the specific complaint against him/her and will have an opportunity to respond. Students suspended from school may not appear on campus or participate in or attend school-sponsored activities.

The maximum suspension shall be for a period of ten days or until the next regular meeting of the Board of Education or until the imposed conditions have been met, whichever occurs first. (SCHOOL CODE OF ILLINOIS: Section 10-22.6)

During the period of an out-of-school suspension, any academic assignment missed will receive no credit until the student makes up the missed work. Students are given as many days to make-up work as they were suspended. (Ex. A five day suspension will be given 5 school days to make up missed work for credit from teacher). **Students or guardians may make requests for assignments during the period of the suspension by contacting the Main Office either in person or by phone, emailing their teacher through Skyward or contacting the teacher through the learning center. The student will have the right to make up any exam or project missed.**

TO APPEAL A SUSPENSION:

1. Contact the Principal's Office to arrange a hearing.
2. Student will remain suspended until the decision is rendered.

Social Probation is the suspension of a student from attending all school activities such as athletic contests, school dances, etc. Any student who has accumulated 16 disciplinary points will not be allowed to participate in ANY school activities for the remainder of the semester. Any student with unserved detention hours will not be permitted to attend the above-mentioned activities or use school facilities before or after the school day until the hours have been served. During this time period, the Principal and/or Associate Principals will determine if the student's behavior merits a reduction in disciplinary points.

Expulsion of Students

The Board of Education may expel students guilty of gross disobedience or misconduct. Expulsion can take place only after the parents have been requested to appear at a meeting of the Board of Education, with a hearing committee, or with a hearing officer of the Board of Education to discuss the situation. Such request by the school will be made by registered or certified mail and will state the time, place, and purpose of the meeting. The Board of Education, at such meeting, will discuss the case and its disposition.

INTERVIEW BY LAW ENFORCEMENT OFFICERS

Law enforcement officers will be permitted to interview students at school in the

presence of a school official. In any criminal investigations of a student who is a minor, school officials will make every reasonable effort to notify the parent and/or legal guardian of the requested interview by telephone. If the student is taken into custody, school officials must be notified and the parents will be informed by telephone. All reasonable attempts to reach the parents will be used.

STATEMENT OF PHILOSOPHY

Sterling High School believes participating in student activities is an extension of, but separate from the regular school program.

While the regular curricular program is a right afforded to each student, participation in the student activities program is a privilege and as such carries certain expectations beyond those found in the normal classroom situation. The important goals of the activities program are to give students direction in developing healthful living habits, self-discipline, leadership, teamwork, and respect for rules and regulations. It is important that student activity participants recognize their responsibilities as role models, both at school and in the community. It is to these ends that an Activity Code of Conduct is established for young people taking part in the student activities program.

PARTIES AND DANCES

Parties and dances are intended for students of Sterling High School. Therefore, one member of a couple attending a school dance or party must be enrolled in the high school. Students wishing to bring one guest (date) will register in advance in the Main Office no later than 12:00 p.m. on the Friday before the dance.

A student's ID card is required at every dance before the student is allowed to enter. A driver's license and/or student ID is required for guests not enrolled at Sterling High School. No "in-out" privileges are allowed. Students are expected to remain for the evening. If it is necessary to leave, the student will not be readmitted.

Anyone attending the dance/party may be asked to submit to a breath test, to ensure the safety and well being of the school function. Anyone refusing to submit to the test will be asked to leave and may be arrested, if it has been determined by odor or other obvious visuals that the student is under the influence of any intoxicating substance.

Classroom celebrations are planned and organized in cooperation with individual teachers. As a safety precaution, student-brought treats that are shared at school must be "store bought" or pre-packaged. Homemade treats will not be allowed.

STUDENT FUND-RAISING ACTIVITIES

Students should not promote fund raising activities by non-school sponsored groups except those which are of a school-wide nature in which participation can be a positive experience for students and when the proceeds contribute to a recognized humanitarian purpose.

The building Principal or the Activities Director must approve fund-raising plans.

SOLICITING FUNDS FROM SCHOOL PERSONNEL

Tickets to affairs sponsored by or for non-school agencies shall not be sold in any public school or on school premises by any school or school organizations, except at specified times and places as determined by the administration.

STUDENT USE OF BUILDINGS - EQUAL ACCESS

Non-curriculum related student groups might meet on school premises during non-instructional time if approved by the building Principal. If the meeting is student-initiated and not a part of a school sponsored activity, it must be conducted according to the following guidelines:

1. Attendance is voluntary.
2. The school will not participate in or sponsor it.
3. School employees can be present at religious meetings only in a non-participatory capacity.
4. It cannot materially and subsequently interfere with the orderly conduct of educational activities.
5. Non-school persons may not direct, conduct, control, or regularly attend.
6. The school maintains its authority to maintain order and discipline.
7. A school staff member or other responsible adult is present in a supervisory capacity.

ACADEMIC CLUBS & COMPETITIONS

The club program offers departmental clubs, special interest clubs, and competitions to meet the varied interests of Sterling's students. Through such participation a student may become better acquainted with school, meet classmates, and develop any one of many interests. However, a student should not try to engage in more activities than his/her program of studies will allow. Students are urged to make a careful selection and restrict participation along the lines of their major interests.

SCIENCE CLUB

The Science Club promotes academic excellence and builds interest in science and engineering related fields. The general membership meets once each month before school. In addition to the general membership meeting, the officers meet once per month for breakfast to plan club activities. Activities of the club include: performing demonstrations for elementary schools, engineering/design competitions, experiments, and viewing demonstrations. Any student who is interested may become a member.

THE SCHOLASTIC BOWL

The Scholastic Bowl Team is composed of students interested in answering academic questions in a competitive setting. Questions cover all areas of academics, including general trivia and current events. The team members attend practice sessions, where they work on how to answer various questions as quickly and accurately as possible. There is a full schedule of both fresh/soph and varsity competitions from September through March each year, including Big Twelve, Optimist, Masonic, IHSA series, as-well-as many invitationals at various schools.

SPEECH TEAM

Speech Team is a competitive IHSA activity that begins in October and goes through mid-February. Students may compete in up to two of the fourteen events. The team competes most Saturdays at various tournaments throughout the northern part of the State. The team also competes in the IHSA Regional, Sectional, and State tournaments

held in February.

GROUP INTERPRETATION

GI begins with auditions in February. Competition begins with the NCIC Group Interpretation and Drama Contests in March. The students also compete in the IHSA Sectional and State Final Group Interpretation and Drama contests.

CONTEST PLAY

FALL PRODUCTION

A fall production is auditioned in September with the production-taking place in October. Rehearsals typically run Monday through Thursday from 7-9 p.m. Students are also needed behind the scenes with stage crew.

MUSICAL

Musical auditions are held each November, and the performances are held in February. Non-musicians are always welcome to tryout because not all parts require singing. Rehearsals run Monday through Thursday beginning in January. Students are also needed to help with the stage crew.

BOY'S STATE - GIRL'S STATE

Each year the American Legion and the American Legion Auxiliary sponsor Boy's State and Girl's State for junior boys and girls.

Here, the students become informed about the duties, privileges, rights and responsibilities of American citizenship so that they may understand and participate intelligently in their government. The students form a mythical state patterned after the State of Illinois, following Illinois governmental procedures. They are divided into city,

country, and state units and elect officials and conduct the affairs of government.

STUDENT OF THE MONTH/YEAR (Male and Female)

The selection of a Student of the Year (male/female) starts with the naming of a Student of the Month from the senior class. All Students of the Month are eligible to become candidates for Student of the Year (male/female). The final determination of Student of the Year (male/female) will be made by a committee of capable and experienced judges from the community. Varsity choir performs age appropriate advanced choral literature. JV choir is a training choir for entrance into varsity and performs a wide variety of musical styles. All ensembles perform four concerts per year and festival participation is promoted. Extracurricular choral activities such as madrigals, chamber singers, and the musical provide further opportunities for

involvement in singing.

BAND

The band meets daily for rehearsals. Membership is open to any student who has graduated from the middle school band, or who has the consent of the instructor. Participation in the band provides a student an opportunity to enjoy music, to broaden his/her knowledge of quality band literature, to improve his/her technical ability, and to acquire a foundation for a possible career in music. The band performs at all home football games, at least ten basketball games, the fiesta day parade, and three concerts. Students will also have the opportunity to study jazz and audition to be a part of the SHS Jazz band. All students are required to participate in the marching band. The marching band is stressed during the first quarter.

ORCHESTRA

The Orchestra is open to any student wishing to learn and develop playing abilities on a string instrument: violin, viola, cello, or bass.
